

Skilled Occupations List

1121i

This form contains the Skilled occupations list (SOL) and includes contact details of the relevant assessing bodies for the occupations. The information was correct at the time the booklet was printed. You should check the latest SOL on DIMA's website www.immi.gov.au or at an Australian mission before you apply.

Please note that these assessing authorities are responsible for undertaking skills assessment for migration purposes, and are not employment agencies. The assessing authorities will not reply to requests for job placement.

If you are intending to apply under one of the General Skilled Migration categories you must have a nominated occupation which is on the SOL at the time you apply. In order to make a valid application you must have obtained a skill assessment from the relevant assessing authority for your nominated occupation.

The SOL lists occupations alphabetically in accordance with their title in the Australian Standard Classification of Occupations (ASCO) dictionary for each of the major group headings of:

- managers and administrators;
- professionals;
- associate professionals;
- tradespersons and related workers.

For each occupation, the list shows:

- the ASCO number for the occupation;
- the relevant assessing authority for the occupation; and
- the number of points for skill allocated for the occupation in the points test.

The contact details for the assessing authorities are listed on pages 13-15.

It is your responsibility to contact the relevant assessing authority for your nominated occupation and obtain a skills assessment.

The ASCO dictionary is available on the internet by accessing the Australian Bureau of Statistics homepage at www.abs.gov.au, going to the site map, ABS papers and classifications, classifications and ASCO second edition.

Note: You must contact the assessing body for an application form and associated information. There will be a charge for the assessment.

If your occupation is not on the SOL you may consider contacting a closely related occupation on the SOL. Some specialisations of occupations are covered by more generic titles. If your skills are recognised by an assessing body for the closely related occupation on the SOL, you may apply using that occupation as your nominated occupation.

Although you are only allowed to have one (1) nominated occupation on your migration application form prior to lodging your migration application, you may apply to any number of the skills assessing bodies until you obtain a positive skills assessment. As assessing bodies charge fees, your requests should be limited to assessing bodies relevant to your qualifications or work experience.
